MARTIN'S PATENT FIRE-PROOF and ORNAMENTAL CEMENT—REDUCTION of PRICE.—The Patentees beg to inform their Friends and the Public that they have made arrangements which enable them to offer this invaluable cement at a considerably reduced price. It has now been before the public so many years, and has obtained so high a standing in the estimation of all who have used it, that it is unnecessary to enumerate on its merits. The Patentees, however, feel called upon to observe, that by its use—from the greater amount of surface which a given quantity will cover, and the small amount of labour required in working it, a saving of 25 to 30 per cent. is effected as compared with other cements for internal use. Specimens shewing its beauty, hardness, and applicability to all plain and ornamental purposes, may be seen; and the Cement in any quantity obtained of the Patentees, Messrs. STEVENS and SON, at their Plaster and Cement Works, 138, Drury-lane, London.—Agent for Liverpool.

Mr. O. H. NEWTON, Cement Merchant, No. 6, Lawton-street.

PORTLAND CEMENT, solely MANUFACTURED by WILLIAM ASPDIN, Esq. of the Patentee.—Messrs. ROBINS, ASPDIN, and Co. request reference to Nos. 300, page 481; and also Nos. 304 and 308, pages 543 and 591 of "The Builder," for accounts of EXPERIMENTS on the strength of Portland Cements, wherein the great superiority of their Cement is manifest. This Cement has been reserved for upwards of twenty years in the Thames Tunnel to resist the action of water. It is stronger in its cementitious qualities harder and more durable than any other description of cement; it does not contract, crystalize, or turn green; nor is it affected by any atmospheric change, whatever the climate, resisting alike the action of frost and heat. It is manufactured to set in from five to forty minutes. For all purposes that Cement is applicable the Proprietors challenge competition.—Orders received by Messrs. ROBINS, ASPDIN, and Company, at their Manufactory, Northfleet, Kent, and their Wharf, Great Scotland yard, Whitehall; also by their Agent at the Depôt, 1, Rock Ferry, Liverpool.

PORTLAND CEMENT, as manufactured by J. B. WHITE and SONS, possesses all the properties of the best Roman Cement but has the advantage over that material of wholly resisting frost; and when used as a stucco it does not crystalize or turn green in any situation, and retains its colour. Employed as an hydraulic mortar for brick-work, it carries four to five measures of sand to one of cement, and is proved by trial to become harder and stronger in these proportions than Roman Cement with but one measure of sand. This superior cementing property, combined with its eminently hydraulic properties, puts it out as the fittest material for building sea and embankment walls, the lining of reservoirs, cisterns and baths, and for all those purposes where strength and a perfect resistance to water are required.

Manufacturers—J. B. WHITE and SONS, Millbank-street, Westminster, and 31, Pool-street, Liverpool.

KEENE'S PATENT MARBLE CEMENT forms an exceedingly hard and indestructible Stucco, which may either be prepared for paint, or finished in imitation of stone by the addition of Portland or other stone dust.

It is a strong and efficient substitute in place of wood for skirting, architraves, and other mouldings in its application for which purposes it shrinks the properties of fire and the attacks of vermin.

Patentees and sole Manufacturers, J. B. WHITE and SONS, Millbank street, Westminster, and Steel-street, Liverpool.

ROMAN CEMENT, made according to the specification of Parker's Patent, may be had genuine of J. M. BLASHFIELD late Wyatt, Parker, and Co.'s, Waterloo Bridge Wharf, Commercial-road, Lambeth, No. 1, Pimlico Wharf, Pimlico-road, and at the Manufactory, Mill Wall, Poplar. Also Plaster, Mastic, Farrar, Bricks, Tiles, &c.

VEINED AND SICILIAN MARBLE

in Quantities and slabs of the first quality, just imported.

CUTTLEHILL FIRE CLAY

Retorts, Bruce pipes glazed, Stove-backs, Copings,

Chimney-pots, &c.

The attention of bye-laws is particularly called to these fire-brick stove-backs and copings for forming Kennard and other stoves in an even small manner.

JOHNS and CO.'S PATENT STUCCO CEMENT and PAINT.—The attention of Architects, Builders, Plasterers, Painters, Merchants and the Public generally is solicited to the many advantages attached to these celebrated Materials, which, for their appearance, durability, impermeableness, utter resistance to frost or heat, and general economy, distinguish them from all other cements and paints, and fully justify the confidence reposed in them, as shown by the numerous testimonials received from public bodies and private individuals of the first importance.—Prospectuses and particulars may be obtained from the sole agents, PHILIP HARE, at the Warehouse, 33, Steel-yard, Upper Thames-street.

PARIAN CEMENT, for internal Stucco, instead of PLASTER OF PARIS, may be painted and papered within twenty hours of its application on the bare walls; and rooms may be inhabited by the time the walls are dry. It makes remarkably solid wood begin to fly. It is worked without the slightest difficulty. A finer quality is also prepared for ornamental plastering, for decorative painting, &c. Specimens of effects may be seen at the Manufactory of the Patentees, CHAS. FRANCIS and SON, Cement Works, Nine Elms, London.

WARWICKSHIRE and IMPROVED LIAS CEMENT.—To Architects, Engineers, Contractors, and Builders.—Lias Lime and Cement manufactured by E. CREAVEN & Co. his works Southam and Stratford-upon-Avon, to be delivered to any part of the country, at less price than German cement and 40 per cent. under Portland. These cements for stone are indestructible, of a warm stone colour, the "Improved" resembling Caen and the "Improved" a dark tint of Bath stone, and only require to be seen by the profession and trade to examine them of their superiority, of which, out of numerous others, the mansions built by C. W. Mayhew, Esq., and J. Elger, Esq., opposite the Prince's-gate, Kensington, will be a sufficient reference. For concrete, ground lias in the best hydraulic lime known, and will become as hard as stone under water. Used, say 1 to 6, it is cheaper than common chalk lime; for example, say—

1 to ground lias lime, 10 bushels ballast; cost of lime, 2s. 6d.
1 to 6 ditto chalk ditto ditto 1s. 6d.
1 to Portland cement 100 ditto cost of cement, 12s. 6d.

The river wall lately reconstructed at Ironside wharf, under the superintendence of C. Aitchison, Esq., only requires inspection to prove its advantages for water work. Agents, Messrs. BUTTY and VEREY, 3, South Wharf, Paddington.

EMERSON'S PATENT LIQUID CEMENT is ready for use, is simple in its application, and only ONE-EIGHTH the cost of oil paint; for beauty it is pre-eminent over all other materials used for the fronts of houses, giving the exact appearance of FINE CUT STONE. can be used as stucco on fresh Roman cement or other plastering; is particularly calculated for country houses, villas, or rate entrances that have become soiled or dingy, which can be beautified in any weather, at a trifling cost.—Sold in casks of 1, 2, and 3 cwt., at 6d., 12s. and 21s. each.

PATENT MINERAL PAINT

Invaluable as a coating for SHIPS' SIDES AND BOTTOMS, all kinds of WOOD or METAL work, roofing felts, leaky roofs, spouts and gutters, fences, sheds, railing, and all kinds of out-door work, and being perfectly waterproof, will preserve their surfaces from atmospheric influence and decay, cannot be lost by evaporation, and will dry in a few hours.—Sold in casks, 2 to 30 gallons. Brilliant Black, 2s. Rich Brown, 2s. 6d. per gallon.

GEORGE LEAR and Co. No. 16, Bentinck-lane, Cheapside.

PAINTING WITHOUT SMELL; a fact accomplished by the use of the newly-discovered SWEET OIL of TURPENTINE, instead of the deadly abomination called oil of spirits of turpentine. Paint mixed with it is free from smell, is improved in brilliancy of colour, and the hateful properties of the smell being neutralized, does away with those noxious exhalations which have hitherto been so universally associated with painting. By this really valuable discovery house painting is now converted into a sanatory operation, that may be effected at any season of the year, being productive of health and comfort, without causing the slightest derangement to the domestic economy. Sold by the gallon, cwt., or ton, by every respectable oilman in the kingdom, and at the depôt, L. Braun's buildings, Chancery-lane, where may be seen, and copies had of, the original certificate of Dr. Ferray, a former member of the College of Chemistry. Sold also in sample bottles, 1s. and 2s. each, bottles included.

TO THE BUILDING PUBLIC.

FIRST-RATE ORNAMENTS in PORTLAND, ROMAN and other CEMENTS, and PLASTER of PARIS, at reasonable prices, consisting of Vases, Balusters, Capitals, perforated Panellings, Candlesticks, Brackets, Trusses, Wreaths, Scrolls, Masques, Heads, Pinnacles, Friezes, Cornices and other Chimney Shafts, Rustic Bed-mouldings, Paterae, &c., &c. 36-inch Cornices, Flowers fixed complete, 30s. each, smaller in proportion. An assortment of Shop-front Trusses always ready for fixing.—HERBERT and SON, Modellers, &c., 42, Parker-st., Drury-lane.

TODD'S PATENT METALLIC PEROXIDE PAINT has been found, after the severest trials, peculiarly efficacious in preserving iron and other metals from oxidation, and cemented surfaces and brick-work from dampness and saturation. Being free from smell, and without any deleterious properties, it is well adapted for painting the interior of houses, offices, hospitals, and other buildings, which may require to be painted during open pattern.—For particulars, apply to B. TODD, 9, Upper Thames-street, London.

ANSTONE STONE WHARF, RAMSGATE.—Mr. GRISSELL has the honour to inform Architects and Builders that he has made arrangements for the SUPPLY of the ANSTONE STONE for all building purposes, and which can now be seen at the above wharf by application to Mr. W. H. WARELE, of whom every information can be obtained.

N.B. The stone used in the erection of the New Houses of Parliament was supplied EXCLUSIVELY from these quarries.

ANSTON STONE, used for Building the New Houses of Parliament.—W. WRIGHT and Co. beg to inform Architects, Engineers, Builders, and others, the Anston Stone can be supplied in any quantity on the shortest notice. This valuable stone, so celebrated for its durability, colour, and texture, is well known, having been selected in preference to all others, by the Commissioners of Woods and Forests, for building the New Houses of Parliament. It is very superior for Monuments, Tombs, &c. &c.

W. Wright and Co. have made arrangements to have a stock always on hand at Brine's Marble and Stone Wharf, Horsfall-road, Wandsworth, Kingsland.—Any further information can be obtained on application to W. WRIGHT and Co., Anston, near Sheffield; or to T. SHARP, their Sole Agent in London, 8, Burton-crescent.

AUBIGNY STONE QUARRIES.—LUARD, BEEDHAM, and Co., beg to inform the Architectural and Building Profession generally, they are importing the above stone from Aubigny, near Falaise, Normandy; and from its general adoption where known, are assured of its great utility.

Aubigny Portland is robust and returns, but free from shell, flint, and other obstructions in working. Its durability may be known from its upper position to lighthouses, dock and quay walling, and the Royal Chateau, Neuchatel.

L. B. and Co., have a large and seasoned stock at their Depôt, Caen Stone Quarries Wharf, Rotherhithe, where samples and information may be obtained.—Shipments made direct from Caen to any part of the United Kingdom.

CAEN STONE, from the first Quarries of Allemagne. Depôt as the Whitby and Scotch Wharf, 14, Fore-street, Limehouse.—P. PUGCARD, quai des Abattoirs Caen propriétaire de la carrière 4, Allemagne, begs leave to inform Builders, Architects, and others, that he has on the above-mentioned wharf, the best stone ready to meet the demands of purchasers.—Contracts taken for any quantities.—Orders received by M. BARCHET, at 29, Mincing-street, Borough Market.—Cargoes shipped to order, from Caen, to any port.

CAEN STONE.—Original Sufferance Depôt, Norway Wharf, Greenwich.—W. TUCKWELL, Caen Stone Quarry Proprietor and Importer, begs to invite the attention of Architects, Surveyors, Builders, and others to the stock of DRY SEASONED CAEN STONE on his Wharf, comprising 20,000 feet cube, which has been selected with judicious care, and is fit for immediate use. Shipments made to any port direct from his quarries at Caen.

N.B. Orders received at the wharf as above; also at the offices of Mr. J. A. WITHALL, Surveyor, &c., Chesapside, where further information and samples may be obtained.

SAMUEL CUNDY, Mason and Builder, PIMLICO MARBLE and STONE WORKS, Ivy-ave Wharf, Pimlico, begs to inform ARCHITECTS and the PUBLIC that he has availed himself of improvements in his MACHINERY, by means of which he is enabled to produce GOTHIC WINDOWS, MOULDINGS, PANNELS, &c. &c. at a very cheap rate, out of paper one-fourth the usual cost of England, as durable as any soft stone, and particularly sound.

N.B. Has an economical method of dressing the slate stone over, which produces, by the action of the atmosphere, a surface of crystalline hardness, and imparts the colour.

POINTS from 3d. upwards. Specimens on view of the various styles.

First-rate ARTISTS retained for SCULPTURED and CARVED Works.

Vein Marble Chimney-pieces, of the best quality of material and workmanship, by improved machinery 40s.
Slooe ditto ditto &c.
A variety on view in stock.
MEMORIAL CROSSES, MONUMENTS, TOMBS, HEAD-STONES, &c., in great variety of design.

RESTORATION of CHURCHES. SAMUEL CUNDY having had much practice in this branch, is desirous of RETREATING for Restorations.

CLERKS of WORKS have their particular attention called to the above establishment. Coats of Arms, Decorated Panels, and other enriched works, promptly executed.

Every description of Slate or Granite work prepared, ready for fixing.—Delivered at the various Railways, and carefully packed in trucks.—Pimlico Marble and Stone Works, Bridge-road Wharf, Pimlico.

STIRLING'S BELVEDERE SLATE WORKS, Belvedere-road, Lambeth.—A reduced list of prices of the best WELCH SLATE SLABS, planed both faces, will be sent on application (post paid) before made, and inclosing a postage stamp. The prices are under those advertised for inferior slates.

PIMLICO SLATE WORKS.—GREAT REDUCTION IN THE PRICE OF SLATE!—Mr. MAONUM has the pleasure to announce that a reduced tariff will be published on the 25th instant, and forwarded, on receipt of a postage stamp, to any part of the kingdom. Half inch slate slabs, planed 3 faces, with sawn edges, from 4 to 7 feet long, will be sold from 2½d. to 3d. per foot super.; 1 inch slabs from 5d. to 7½ ditto, and thick slabs planed 3 faces, from 6d. to 9d. per foot super. Enamelled boxed chimney pieces, variously marbled, hitherto priced at 9s. to 20s. will be sold from 12s. to 22s. suitable for openings 3 feet 10 inches to 5 feet 2 inches wide. Slate tanks, 3s. per foot cube, outside measure, on wharf, or 3s. 6d. delivered and fixed. Other articles reduced in proportion.—N.B. The finest slate from Monmouthshire, Hanger, and Cornwall.

TERRA-COTTA, or VITRIFIED STONE WORKS, King Edward-street, Westminster-road, London.—M. H. BLANCHARD, from late Coade's Original Works, Belvedere-road, Lambeth, begs to inform the Nobility, Gentry, Architects, and Builders, that he has re-established the manufacture of that invaluable material, which has been successfully adopted by our eminent Architects and others, in the adornment of our noblest buildings, nearly 100 years has proved the imperishable nature of the material, the specimens of those times now exhibiting all their primitive sharpness.

Groups, statues, friezes, capitals, pancelling, pinnacles, finials, terminals, Tudor, and other chimney shafts, balustrading, fountains, fonts, terrase, vases, coats of arms, devises, and every description of architectural ornament, at prices in many instances nearly half the cost of stone.

Specimens of the material to be seen at the Office of "The Builder," 2, York-street, Covent Garden, and at the Works.

PAVING, 2s. 9d. PER SQUARE YARD, Basements, Foot-walks, Malt-houses, Corn Stores, Floors of Warehouses, and every description of Pavement laid down at the above low price, and warranted.—APPLY to JOHN PHILKINGTON, PHILCANEAUX BITUMEN PAVEMENT OFFICE, 14, JOHN-STREET, ADELPHI.—N.B. Country Agents and Railway Engineers and Contractors supplied with the best bitumen for covering bridges and arches.

BATH STONE.—RANDELL and SAUNDERS, QUARRYMEN and STONE MERCHANTS. The most approved kinds of Bath Freestone supplied to all parts of the kingdom. Depôts at the Great Western Railway Stations, PADDINGTON, CORSHAM, BOX, BATH, and BRISTOL.—R. and S. particularly invite the attention of Architects and Builders to their Corsham Down Stone which is strong and sound in quality, is of beautiful colour and texture, and works much cheaper than any other stone. Prices, with cost of carriage to any locality specified, furnished on application to Randell and Saunders, 14, Orange Grove, Bath.

MARKET WHARF, REGENT'S-PARK BASIN.—Messrs. MARTIN and WOOD (late Seeley and Martin) solicit the attention of Builders, Masons, and others, to their stock of Portland, York, and Derby Stone; also Bangor Slates, Lime, Cements, Plaster, Bricks, Tiles, Laths, Pipe-goods, Fire-clays, &c., sold at the lowest possible prices for Cash. Portland Headstones, Ledgers, Steps, Landings, &c., cut to order on the shortest notice. Tarpaulings let on hire. A Stock of Northen's Drain Pipes, Syphons, &c., always on hand. Mortar, Lime and Hair, Fine Stuff, &c.

Whitehall Wharf, Parliament-street.

REMOVAL.—ITALIAN and GALWAY MARBLE QUARRIES DEPOT, WESTMINSTER.—Mr. FRANKLIN, Proprietor of the above Quarries, informs the SCULPTORS, MARBLE MASONS, BUILDERS, &c., that he has REMOVED his Depôt from Pimlico to the above address. Arrived from his Quarry at Galway:—4000 feet of Black Marble; 700 feet Cube Blocks: 9,000 feet of Flooring—all Bristol—*Ex Mary Ann*, Jackson: 1,500 cubic feet of various Marbles in fine quality statuary, Veined Dove, Bardilla, Sicilian, black and gold, and Siennas.—From Galway: Black, in Blocks and Slabs.—Arrived at Devon and Echo, at Whitehall Wharf, 40 Blocks of Statuary and two open. Superior quality, or *Edward*, 16 Blocks of Veined and Sicilian.

TO THE OWNERS OF SAW MILLS, PLANTATIONS and Collieries; to Builders, Millwrights, Engineers, &c.

IMPROVED CIRCULAR SAWS, Upright Saws, for timber and deal frames; Patent Tempered Machine Plane Irons, saw files, improved engineers' files; Patent Tempered Machine Knives, and cutters of all descriptions, made on the most scientific and economical principles, with dispatch, by BLAKE and PARKIN, the Meadow Steel Works, Sheffield.

LAP WELDED IRON TUBES.—W. H. RICHARDSON, Jun., and Co., MANUFACTURERS of every description of WROUGHT IRON TUBES for Locomotive and Marine Boilers, Gas, Steam, and other purposes.

PATENT TUBE WORKS, DARLASTON STAFFORDSHIRE.

CAST-IRON PIPES, IRON WORK FOR OVENS, &c.

RAIN PIPES, &c.—P. A. TIDDEMAN, Purfleet Wharf, Earl-street, City, near Blackfriars-bridge, keeps a large stock of Rain Pipes, Heads, Shoes, Elbows, &c., half round and O. G. Gutters, Socket Pipes for Water or Gas, Flanch Pipes, Sash Weights, and other Castings; Iron Work for Baker's Ovens of every description, hard metal, and Bond in sets or its parts.—Prices equal to all competition. Contracts taken to any extent.

IRON FOUNDRY, 80, Goswell-street (late of Brick-lane, St. Luke's).—J. J. JONES having made great additions to his STOCK of PATTERNS, begs to inform the Trade, that he can now supply them with Plain and Ornamental Iron Columns, Girders, Railings, Gates, Iron Coping, Balconies, Window Guards, Verandahs, Ornamental Staircase Panels, Iron Staircases, Tomb Enclosures, Trellis Panelling, Lamp and other Brackets, Cornice Levers, Area Bars, Water Pipes, Street Work, Area Gratings, Fly and other Wheels, Wheel Plates, &c.

BAKER'S OVEN WORK, Frame Backs and Troughs, Rain Water Pipes and Gutters, Sash Weights, Furnace Bars, Stoves, Ranges, &c., always in stock.

TO ARCHITECTS, BUILDERS, &c.

HAYWARD, BROTHERS, late R. HENLY and Co., WHOLESALE IRONMONGERS, and Manufacturers of KITCHEN RANGES, STOVES, &c., 198, Blackfriars-road, and 117, Dutton-street, Edgware-road, Sitting Self-acting Kitchen Ranges, with Sash Boiler and Oven and Wrought Bars:—
